

FOURIER-MUKAI TRANSFORM AND VECTOR BUNDLES ON ABELIAN VARIETY

ABSTRACT. It's paper reading seminar about Fourier-Mukai transform and its applications on vector bundles on abelian varieties.

SCHEDULE

- Talk 1: Background and preliminaries (Songsong Huang 09/12).**
- Talk 2: Fourier-Mukai interpretation of Atiyah's classical classification (Bowen Liu 09/19).**
- Talk 3: Picard functor and Poincaré bundle (Songsong Huang 09/26).**
- Talk 4: Homogenous bundle on abelian variety (Bowen Liu 10/10).**
- Talk 5: Semi-homogenous bundle on abelian variety I (Songsong Huang 10/19).**
- Talk 6: Semi-homogenous bundle on abelian variety II (Bowen Liu 10/24).**
- Talk 7: Semi-homogenous bundle on abelian variety III (Songsong Huang 10/31).**
- Talk 8: Fourier-Mukai transform and stability (Bowen Liu 11/7).**
